

# Africa in Global Intellectual History

24-25 November 2018

Join us for a two-day conference on Africa's contribution to the global intellectual tradition. All welcome!

The conference aims to address questions such as:

Is there an intellectual history for Africa?  
How do we reconstruct the African canon?  
Can Western knowledge be 'Afrocentric'?  
Do we need to move beyond textual analysis? Did indigenous knowledge systems transcend the local?

Keynote speakers:
